SOIL ANALYSIS RESULTS

Soil Texture	Clay Loam
Organic Matter	5.9 % (Medium)
Soil pH	5.9
Available Phosphorus	21.4 mg/l (Index 2, Medium)
Available Potassium	55 mg/l (Index 0, Low)
Available Magnesium	118 mg/l (Index 3, Medium)

1. The provision of information by the RHS through its Soil Analysis Service to a subscriber is not an endorsement by the RHS of the competency, quality or otherwise of a subscriber to that service.

2. These results and recommendations are based entirely on the particular sample and information submitted. You are advised that to the fullest extent permitted by law we do not accept responsibility: firstly for any action other than those indicated in this report; secondly to anyone other than the subscriber to the RHS Soil Analysis Service for our results or recommendations or for the opinions we have formed.
